## SOURDOUGH

Every dough ball is made fresh on site everyday by our team using simply 00 (double milled) flour, sourdough starter, salt & water. Our starter (fermented flour & water) is taken from a family in Somerset who have fed it for over 70 years. We split it to create our own and use it for every batch of dough we make to give the tangy taste and prove the dough for the light fluffy texture.

## ABOUT US

Back in 2013, the taste for sourdough was growing, which suited our pizza obsession perfectly. Roaming around Somerset in a Land Rover fitted with a mobile pizza oven, we served handmade sourdough pizzas to family, friends and festival-goers. Naturally, the name Pizzarova wrote itself.

We opened our first bricks and mortar shop in Bristol, with a couple more following rapidly behind – made possible by our brilliant team, who we regard as our most significant achievement. Through it all, we've stayed true to what you like most – good-mood food on the go. We still work with the best suppliers in Somerset, and we're not a fancy restaurant. No knives and forks for these slices.

## LOCAL

Our aim is to champion the amazing ingredients local to us in the South West on our pizzas.

From Single Variety Co, Bristol Beer Factory, Hugos Greengrocer, Shipton Mill, Brue Valley Organics, Iford Cider, Upton Cheyney Chilli and many more featured on our 'Ours' Specials each month. If you

are or know of an amazing local supplier we should be working with please drop us an email:
